

## **Accessibility Statement for Magnus International Search and Rescue**

Magnus International Search and Rescue ("Magnus") endeavors to make its website <https://magnusafety.com> ("website"), accessible for people with disabilities.

### **Accessibility Measures:**

We want as many people as possible to be able to use this website. Therefore, we are in the process of implementing accessibility measures to conform as closely as possible to the standards set by the WCAG 2.1 ([Web Content Accessibility Guidelines 2.1](#)) at the AA level ("WCAG Standard").

The following accessibility measures were implemented, which will allow you to:

- change colors, contrast levels and fonts.
- zoom in up to 300% without the text spilling off the screen.
- navigate most of the website using just a keyboard.

We've also made the website text as simple as possible to understand.

### **Compliance Status:**

This website is not yet fully compliant with the WCAG Standard and thus, certain accessibility features are not yet available, and for example: most older PDF documents are not fully accessible to screen reader software; video captions are not zoomed or highlighted and it's not always possible to change the device orientation from horizontal to vertical without making it more difficult to view the content.

As we are currently in the process of developing a new website, that will replace this website, we are in the process of assessing the accessibility issues, and interactive tools to enable full accessibility for our new website.

### **Use of Third-Party Sites & Components:**

Some third-party components or links that are used on the website, such as Facebook, Instagram, YouTube, Twitter, chats, and others, which are not controlled by us, may present challenges for individuals with disabilities that we are not able to remedy. Such third-party components are governed by third parties' accessibility policies, such as:

- [Facebook accessibility policy](#)
- [YouTube accessibility policy](#)
- [Twitter Accessibility](#)
- [LinkedIn Accessibility](#)

### **Notes, Comments, and Feedback:**

We are dedicated to keep improving the accessibility features and interface of our website.

If you have encountered an accessibility-related malfunction or a bug on this website or if you would like to suggest an improvement or a new feature, you are most welcome to reach out to us with this. You can contact us by [service@magnusafety.com](mailto:service@magnusafety.com).

Your information will be handled in accordance with our privacy policy which can be found here :

<https://magnusafety.com/wp-content/uploads/2024/01/Privacy-Policy-magnus.pdf>.

We aim to respond to accessibility feedback within 7 business days, and to propose a solution within 30 business days.

This statement was prepared on May 29, 2024.
